

Inter Valley Health Plan may add or remove drugs from our formulary during the year. If we remove a drug from our formulary, add prior authorization, quantity limits and/or step therapy restrictions or move a drug to a higher cost-sharing tier, we will notify you of the change at least 60 days before the date that the change becomes effective. However, if the U.S. Food and Drug Administration (FDA) determines a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary. The table below outlines changes made to our formulary throughout 2010.

2010 FORMULARY ADDITIONS UPDATE AS OF NOVEMBER 1, 2010:
